# OSHA 30

The OSHA 30 class is a comprehensive safety training program designed to educate workers and supervisors about workplace safety and health standards. It covers a wide range of topics including hazard recognition, prevention, and mitigation, ensuring compliance with OSHA regulations.

The course spans 30 hours and includes interactive modules, case studies, and practical examples to enhance understanding. Successful completion provides participants with a certification that is highly valued in various industries, promoting a safer and more compliant work environment

## Participants will cover several topics:

- \* Hazard Recognition
- \* Fall Protection
- \* Electrical safety
- \* Personal Protection Equipment (PPE)
- \* Fire Prevention

Southern Crescent Technical College is a Unit of the Technical College System of Georgia and an Equal Opportunity Institution
